

THE BALLINGER SCHOLARSHIP FOR EQUITY

FINAL YEAR **Architecture, Interior Design**

Deadline: January 14, 2022

Ballinger is an interdisciplinary design firm with a staff of over 250 professionals working from a single office in Philadelphia. We lean into complex design challenges, not for their own sake but for the potential contained within their resolution — the potential to inspire discovery, to provoke inquiry, to encourage healing, and to speak dialogue. Since 1878 we have been catalysts for creation, synthesizing function and feeling into spaces that are as inspiring and ingenious as the future we hope to experience ourselves. We are committed to fighting racism and promoting justice, equity, diversity, and inclusion.

Ballinger is pleased to offer a \$5,000 scholarship paired with a paid summer internship and two Ballinger mentors. The scholarship is open to students who are Black, Indigenous, and other People of Color and who meet the following criteria:

- In the Fall 2021 semester, are in their penultimate year of an accredited program at a U.S. university or college in an architecture or interior design program.

Applications are accepted via email, sent to scholarship@ballinger.com, or delivered by USPS or hand to: Sarah Blitzer, 833 Chestnut Street, Suite 1400, Philadelphia, PA 19107
